

Edgewood Area - Aberdeen Proving Ground, Maryland 21010-5424

U.S. Army Soldier and Biological Chemical Command

M40 Mask Program

Description: The M40 mask provides improved comfort, fit, and protection. There is an externally-mounted filter canister, which is easy to replace and may be mounted on the left or right side. The Mask is available in small, medium, and large.

Mission: Provide the **best** NBC protective mask to U.S. Forces.

User: U.S. Army, U.S. Navy, and U.S. Marine Corps.

Production: 1987-2000: One and a half million produced to date.

Features:

- Improved face seal = improved protection
- Improved vision
- Remains flexible at temperature extremes
- Increased useful life; weather and ozone resistant
- Improved soldier comfort
- Easy to clean and maintain
